I am a software engineer who worked for Google and Facebook. I know javascript and Python.

I am a recent graduate of college and have been working in the software engineering field for over two years now. I have worked on a variety of projects, including:

-A mobile app
-A website
-A customer service solution

I am confident that I can provide value to your company and be a asset to your team. I am available for work and can provide documentation and support.
